# ... Meet Our Team

---

*We are a boutique wedding photography company who believes in providing the absolutely best client services that we can. Talking to our clients whenever they have questions or helping with vendor recommendations is important to us. Since 2004 our goal has been to keep our client relationships personal, ideas fresh and the products we offer, timeless.*

*We love to sit and talk with you and have you share yours ideas so that we can capture the wedding vision you have.*

*We commit to photograph a limited number of weddings per year in order to provide our clients with dedicated attention and to continue to be inspired by each and every wedding.*

## **Ken Sandberg**

*Of all the types of photography he has practiced, Ken prefers photographing weddings. He feels that sharing a bride and groom's special day, and then delighting them with stunning images that capture the story of their special day, is truly a privilege. Ken prides himself on capturing images which expose a couple's true passion and romance. He watches attentively, to capture the fleeting expressions that reveal the caring emotions of family and friends, harnesses natural light whenever possible and supplements with studio quality lighting for beautiful and artistic wedding portraits. Ken's decidedly contemporary and photojournalistic style captures a wedding in a very natural way always being considerate of the ceremony and your family & guests.*

## **Megan Hazel**

*I became interested in photography at a young age. With my father being a photographer, I had access to equipment and knowledge to learn all the ins and outs of photography. Photography is more than just techniques to me, however, I love to be creative and cherish being an integral part of someone's wedding. Being part of a team allows me to photograph an event but also the freedom to be artistic and see things that others might miss. Weddings are a beautiful and emotional event and I am grateful to get to experience every wedding and capture images that will be lasting memories for the bride and groom and their family and friends.*

# Client Love

*Ken and Megan do an amazing job. They captured our wedding in gorgeous pictures which we will always cherish. They have both been great with making our wedding slideshow DVD and our album. We are definitely glad we chose them to photograph our wedding.*

## *What clients are saying about Sandberg Photography*

*We have looked at all our images. They look great! Thanks again for capturing our special day. ~Melanie, Golden, CO*

*We loved Sandberg Photography! They did exactly what we wanted, and our guests hardly noticed that they were there, so we got a ton of wonderful candid shots! They are so professional, and really make sure that your event gets captured perfectly!~ Melissa, Fort Collins, CO*

*He was AMAZING--extremely talented and very flexible!!! He is truly a gem--in addition to all this, his prices are quite reasonable. He has been the photographer for my wedding and both of my sisters, and we are all incredibly impressed. Very unobtrusive during the wedding, too! ~Rebecca Denver, CO*

*Thanks Ken and Megan!! We absolutely love the pictures so far. Really appreciate all of your hard work. Can't wait to see the rest! ~Evan and Brandi, Steamboat Springs, CO*

*Thanks so much for sending over these pictures over. They are beautiful!- Vendor, Brookside Gardens, Berthoud, CO.*

*Excellent job!! My weddings photos are breath-taking, Ken can find a picture in anything. He's got an amazing eye and very professional. I use Sandberg Photography for our family pictures as well. Now the only hard thing to do is pick out our wedding photos. ~Katherine, Fort Collins, CO*

# Questions & Answers

## **Traditional vs Editorial**

We shoot in a contemporary photojournalistic style which includes both traditional and candid style poses. We shoot both Engagement and Weddings sessions, so make sure to talk to us about both.

## **Shoot Digital or Film**

We shoot in a digital format. What we see is what we get, gorgeous images that we control.

## **First Look**

We love doing "First Look" images to give you more schedule flexibility but if you prefer not to, no worries, it's your choice.

## **How many photographs will you take?**

For a typical wedding, you can expect to receive 120-150 Images per hour of coverage although it's possible to have even more.

## **Are you a member of any professional associations?**

Yes, We are a member of Wedding and Portrait Photographers International (WPPi).

## **When will I see my images?**

We strive to have a some preview images during your reception and a preview music video online a few days after. All your image files will be delivered with your album.

## **Do you have business liability insurance? Yes.**

## **How many events will you photograph on our wedding day?**

We only accept one wedding per day and a limited number each year.

## **If you haven't been to our venue, will you go there before the wedding? Do we need to go with you?**

Yes, whenever possible, we like to visit your venue prior to the wedding to choose the best lighting and locations. You are welcome to accompany us if you like, but it isn't required.

## **Do you do Trash the Dress Sessions?**

Yes, we call it - "Honor that Dress" and it's more of a fashion, fun portrait Shoot, no actual trashing of the dress unless a bride specifically requests it.

## **Will all our images be edited?**

We adjust EVERY image for proper exposure and color balance. Every image you choose for your album or your wall gets additional scrutiny.

## **Do you use artificial lighting?**

We love to use available natural light but can work in any lighting situation with our rich off camera lighting.

## Passionate...

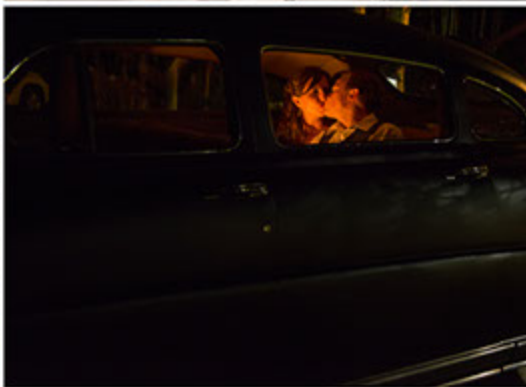

*Our contemporary photography blends 3 very important styles. We are known for the passion you will see and the emotions you will feel viewing our images even years after your wedding.*

## Artistic...

*You will also appreciate the artistic images we deliver whether it is a one-of-a-kind heirloom album or a gallery wrap canvas above your mantle.*

## Real...

*And to top it off, our photojournalistic attention to detail will capture all the real and fleeting moments of the day.*
